

Albank Online Banking Upgrade — Customer FAQ Guide

1. Overview & Important Dates

Why is Online Banking changing?

We're upgrading Online Banking to provide a more modern, secure, and user-friendly experience. The new platform offers enhanced features, improved navigation, and convenient tools designed to help you manage your finances anytime, anywhere.

When will the upgrade take place?

The upgrade is a three-day process starting Tuesday, August 25, 2026, at 7:00 AM CST and concluding on Thursday, August 27, 2026, at 9:00 AM CST.

During this maintenance window, Online Banking, Bill Pay, and Mobile Banking services will be temporarily unavailable or in limited access mode.

2. Upgrade Schedule & Service Availability

What will happen on Day 1 (Tuesday, August 25)?

7:00 AM CST: Bill Pay, Zelle, TransferNow, and External Transfers will be disabled. Scheduled payments will continue to process as normal. Personal and Business Online Banking remain active for viewing and standard actions.

6:00 PM CST: Personal Online Banking and Telephone Banking will switch to View/Inquiry Only mode. Business Online Banking will be completely disabled.

What will happen on Day 2 (Wednesday, August 26)?

Personal Online Banking: Account access remains strictly in View/Inquiry Only mode. You will be able to check balances and view account activity, but you cannot perform any transactions (such as transfers, paying bills, depositing checks, or managing debit cards).

Business Online Banking: System access remains fully disabled and inaccessible throughout the day.

What will happen on Day 3 (Thursday, August 27)?

9:00 AM CST (Go-Live!): System maintenance is complete! Full access to Personal and Business Online and Mobile Banking will be restored. You will log in using your existing credentials to experience the new layout, intuitive features, and improved functionality.

3. Preparing for the Transition

What actions should I take BEFORE August 25?

To help ensure a smooth transition, we recommend completing the following steps before August 25:

- **Confirm your login credentials** – Make sure you know your current Online Banking User ID and Password.
- **Verify your contact information** – Ensure your email address and phone number are up to date so you can receive verification codes when logging in.
- **Save important settings and templates** – The following items will not transfer to the new platform:
 - Account alerts
 - Debit card controls
 - ACH and wire transfer templates/data
- **Document third-party connections** – If you use QuickBooks, Plaid, or other connected services, you'll need to reconnect them after the upgrade.

4. New Mobile App Access & Logins

Will I need to download a new Mobile App?

We are consolidating our personal and business access into one single Albank app.

Personal Banking Users: Update your Albank app in the App Store or Google Play Store on or after August 27.

Business Banking Users: The standalone "Albank Business" app will be discontinued. Please download the new Albank app and delete the old Business app.

How do I log in for the first time on the new system?

Open the updated Albank app or online portal and enter your existing User ID and Password.

Complete the Security Verification process by entering the one-time passcode sent to your registered email address.

If using Face ID / Biometrics, enter your password manually for the first login. You can re-enable biometric login immediately afterward in the app settings.

What if I forgot my User ID or Password?

Forgotten User ID: Call Albank Customer Support at (773) 267-7300 for account assistance.

Forgotten Password: Click "Forgot Password" on the Online Banking login page and follow the prompt instructions to reset.

5. Account Features, Transfers & Payments

What information WILL automatically transfer?

Transaction history

Existing Bill Pay Payees

Scheduled internal payments and transfers

eStatement preferences

What information WILL NOT be transferred?

Account Alerts: Must be re-configured post-upgrade.

Card Controls: Must be re-established post-upgrade.

3rd-Party Integrations: Tools like QuickBooks and Plaid must be re-linked.

Business Online Banking internal transfer templates will not be migrated.

Note on Internal Transfers: Recurring & Scheduled internal transfers will be migrated. However, if you wish to edit an existing scheduled transfer after the upgrade, you must delete the original schedule and create a new one.

6. Business Banking, Positive Pay, ACH & Wires

Important information for QuickBooks and Quicken users – click [HERE](#)

How are Positive Pay, ACH and Wire Services affected?

Positive Pay Users: Because Business Online Banking will be unavailable on Wednesday, August 26, your Account Officer will contact you regarding any items requiring attention.

ACH Users: Standard templates will migrate over. However, past activity before August 25 will not migrate over. Future-dated ACH transactions scheduled after August 27 will need to be re-established.

If you are using "Copy" option in activity to send ACH transfers, utilize the "Save as Template" option prior to August 25 so they migrate smoothly.

Wire Users: Wire transfer templates will not be migrated. To make the transition easier, please save or print copies of your existing templates before August 25. After go-live, you'll need to recreate these templates in the new system.

How will Security Tokens work on the new system?

Hard Tokens: You must re-register your hard token during your initial login. To begin the verification process, click **Forgot Password** to receive a temporary password via email. Once you have your temporary password, log in using your User ID and Password. You will then be prompted on the **Identity Verification** screen to enter the One-Time Passcode generated by your hard token.

Soft Tokens: You must re-register your soft token during your initial login. To begin the verification process, click **Forgot Password** to receive a temporary password via email. After registering your new **FI Digipass** app, log in using your User ID and Password. You will then be prompted on the **Identity Verification** screen to enter the One-Time Passcode generated by the **FI Digipass** app.

7. Post-Upgrade Checklist

After logging in on or after **Thursday, August 27 at 9:00 AM CST**, take a few moments to complete the following:

- ✓ Recreate account alerts and debit card controls
- ✓ Reconnect external transfer accounts and third-party applications such as QuickBooks and Plaid
- ✓ Review Bill Pay payees and scheduled transactions
- ✓ Re-enable Face ID or biometric authentication in the mobile app
- ✓ Business customers: Re-establish recurring ACH transfers and review Wire Transfer, Remote Deposit, and Positive Pay settings

Completing these steps will help ensure you're taking full advantage of the new Online Banking experience.

ATTENTION QUICKBOOKS AND QUICKEN USERS

Albank is migrating to a new online and mobile banking system on August 27th, 2026. This upgrade will require that you make changes to your QuickBooks or Quicken software, so please take action to ensure a smooth transition. Conversion instructions are available below.

The conversion instructions reference two Action Dates. Please use the dates provided below:

1st Action Date: August 25th, 2026

A data file backup and a final transaction download should be completed by this date. Please make sure to complete the final download before this date since transaction history might not be available after the upgrade.

2nd Action Date: August 31st, 2026

This is the action date for the remaining steps on the conversion instructions. You will complete the deactivate/reactivate of your online banking connection to ensure that you get your current Quicken or QuickBooks accounts set up with the new connection.

Intuit aggregation services may be interrupted for up to 3-5 business days. Users are encouraged to download a QFX/QBO file during this outage. The following services may not work during the outage:

- Quicken Win/Mac Express Web Connect
- QuickBooks Online Express Web Connect

Please carefully review your downloaded transactions after completing the migration instructions to ensure no transactions were duplicated or missed on the register.

If you have any questions, please contact us at (773) 267-7300

Quicken Conversion Instructions

As your financial institution completes its system conversion, you will need to modify your Quicken settings to ensure that your data connectivity transfers smoothly to the new system. This document contains instructions for both Windows and Mac, and all three connectivity types (Direct Connect, Express Web Connect or Web Connect).

These instructions refer to two “Action Dates.” The 1st Action Date and 2nd Action Date in the instructions will be provided to you by your financial institution.

IMPORTANT: Express Web Connect will not be available until 5 business days after the 2nd Action Date, so please utilize another connectivity type if you need transaction updates during this downtime. There is no delay for Web Connect or Direct Connect (if supported)

To navigate this document, just click the link or links below that match your product and connectivity:
